

LIGHTHOUSE®

USER MANUAL L/H EFOC400 LED FOCUS TORCH

BEFORE USING FOR THE FIRST TIME

Please ensure you read and understand these instructions clearly before using this product for the first time. Failure to do so could result in personal injury or damage to the product. It is important you retain this user manual for future reference.

SAFETY PRECAUTIONS

- ▶ Do not use the torch in the immediate vicinity of inflammable materials or gases.
- ▶ Make sure that the torch lens is not covered during use.
- ▶ Keep the torch out of reach of children and pets.
- ▶ Do not point the torch directly in your own, any other person's or animals eyes.
- ▶ Always check the torch before each use, do not use if any part is compromised or damaged. Seek your local Lighthouse stockist for a replacement unit, providing the torch is still under warranty.

TECHNICAL DATA

BRIGHTNESS	400 / 120 Lumens
LED COLOUR	6500K
RUN TIME	3 / 7 Hours
LIGHT SOURCE	High Performance LED
BATTERY TYPE	D-Type Alkaline Batteries (x2)
TORCH BODY	Anodised Aluminium
IMPACT RATING	Up to 1 Metre
IP RATING	IP54
WEIGHT	349g
DIMENSIONS	245 x 51 x 30mm

BATTERY REPLACEMENT

- ▶ Unscrew the tail-cap and remove the batteries.
- ▶ Insert the new batteries in the correct orientation, observing the polarity.
- ▶ Refit the tail-cap, ensuring it is hand tight. Do not overtighten, as this could possibly damage the thread.

NOTE:

Lighthouse stock D-Type batteries, product code: **L/HBATD**

CLEANING

Use a soft cloth or cotton swab with water or medical alcohol to clean the lens. Care should be taken during cleaning. Allow the torch to completely dry before using. Do not use any harsh chemicals or abrasive materials when cleaning, as this may damage the torch.

DISPOSAL OF THIS PRODUCT

If at some point you intend to dispose of this product, please keep in mind that many of its components consist of valuable materials which can be recycled. Please do not dispose of this product in the household waste bin, check instead with your local council for recycling facilities in your area.

Do not dispose of used batteries in the household waste, or expose to fire. Lighthouse hold no responsibility for personal injury or damage caused by incorrectly disposing of batteries.

The plastic in this product may contain chemicals known by the state of California to cause cancer and birth defects or other reproductive harm.

POWER ISOLATION TAB

This torch will be packaged with a power isolation tab, this is to prevent the torch from turning on during transit. It is important this tab is removed prior to use, otherwise the torch will not function. To remove this, unscrew the tail-cap and remove the power isolation tab.

OPERATING FUNCTIONS

This torch cycles through three operating functions by continuously pressing the **on/off** button.

By pressing the on/off button once, until a click is heard, the torch will activate the full 400 lumens of output. Pressing the on/off button once more will turn the torch off.

Pressing the on/off button again will activate the low output mode of 120 lumens. Pressing the on/off button after this will turn the torch off again.

Pressing the on/off button a final time will activate the strobe setting. This will provide a constant flashing of white light. Press the on/off button again and the torch will switch off.

FOCUS CONTROL

This torch features a sliding focus control that can adjust the spread of the beam.

Slide the head of the torch forward to narrow the beam to a spot light. Slide the head backward to open the beam to a flood light.

GUARANTEE

Rechargeable battery life depends on many factors and the cells can become easily damaged, dependent on environmental and storage conditions. Your product is guaranteed from defect for a period of **1 year**, this excludes the battery which is covered for 90 days from the date of purchase, if you notice the running or charge times decreasing this is normal over the lifetime of the battery and is classed as fair wear and tear.

There will be some items within our range which will be non-serviceable but, in most cases we can supply replacement batteries for our products.
